About

At Cross-Cultural Dynamics, we customize curricula to provide leaders with a framework for building successful relationships cross-culturally while also increasing your capacity to accomplish the mission and objectives of your organization. We offer highly impactful One-to-one coaching, Small Group Series Trainings, Developmental Trainings, and Communication, Policy, and Program Analysis.

Our derives from extensive empirical and theoretical research. Many diversity and cultural trainings use a one-size-fits-all model to train leaders and teams. At Cross-Cultural Dynamics, we use our strong foundation on research to provide effect customized curricula that serves the needs of each individual organization. Our goal is to produce effective and lasting results that impact people.
